PETITIONING THE COURT

The probation officer believes that the offender has violated the following condition(s) of supervision:

Re: Marcus D. Glover**

Page 2

Docket Number: 2:12-CR-00122-002

Violation Number Nature of Noncompliance

- 1** **Mandatory Condition:** The defendant shall not commit another federal, state, or local crime.

- 2** **Special Condition:** The defendant shall participate in a program of testing and/or treatment for drug and/or alcohol abuse, as directed by the probation officer, until such time as he is released from the program by the probation officer.

On August 19, 2020, the offender reported to the vendor for a random/surprise drug screen via the Code-A-Phone referral system. While the drug screen was being conducted, the offender was observed with a device attached to his penis. The offender was confronted about the device, at which time he became agitated and left the vendor's location. He provided a sample, but the sample was not counted because the observer could not see a clear line and observed the device.

The offender's initial attempt to falsify the drug screen on August 19, 2020, would appear to be in violation of Title 18 U.S.C. § 1001, to falsify, conceal, or cover up by any trick, scheme, or device a material fact, and in violation of T.C.A. § 39-17-437, for a person to intentionally use, or possess with the intent to use, any substance or device designed to falsify the results of a drug test.

Assessment of Flight/Danger and Bond Recommendation: Based on the offender's attempt to falsify a drug screen and the offender abruptly leaving when confronted, it appears he is a danger to the community and himself and a risk of non-appearance. Therefore, this officer respectfully recommends he be detained pending a revocation hearing.

Petitioning the Court to order:

That a warrant be issued, and the defendant be ordered to appear in Court for a hearing to determine whether the term of supervision should be revoked.
